January 15, 2023

Greetings Friends!

Thank you so much for volunteering to assist Terra Arts Foundation with our upcoming fundraising event.

Terra Arts is a 501c3 nonprofit supporting the needs of nearly 600 of our community's homeschool and charter school children with fabulous opportunities in the arts. The current rate of parents choosing to homeschool their kids has grown from 5.4% to 11.1% in the last two years. These families are concerned with health and safety. These students do not have access to public school buildings. Therefore, they are significantly improving older facilities. Terra Arts has dramatically enhanced the community by bringing a local church/school built in 1865 up to date.

The theater on our campus is ready for a much-needed makeover. Our goal is to improve the theater experience for the students and audience with an enhanced sound system, speakers, reflective backstage screen, projector, and velvet stage curtains. Maybe even stage lights!

We are thankful that we have already received a generous donation for the soundboard and ten wireless mics formerly used on the "Pilgrim" Tall ship in Dana Point. We estimate this gift to be worth about \$10,000.

This year, the children are focused on a study of American History. On February 11, 2023, the children are hosting a Colonial Family Dance to raise funds. Your donation will help the children succeed in this event and enhance their future performances for many years.

We appreciate any help you or your business can do to assist us with this event. We will include your name on our program and website to inform the community of your generosity toward the children.

We look forward to working with you to fulfill the needs of families in your community.
